

Reg. no. 44

APPELLATION OF ORIGIN

Petrovska sausage

Description:

Petrovska sausage is a delicacy – fermented sausage which is produced from the domestic white pig. The cut of the sausage shows a mosaic design from the almost equal pieces of muscle tissue and to a smaller degree the firm fat tissue. Petrovska sausage has a pleasant light smell of smoke and aroma of a mature product. The taste is pleasant, piquantly hot, but not sour.

Geographical area:

The area of production of the Petrovska sausage includes the territory of the municipality of Backi Petrovac.
